REVIEW OF MARKETS FINANCIAL AND COMMBRCIAL

Stocks, Money, Exchange, Bonds, Grain, Cotton, Provisions, Etc.

New York, Jan. 13.—Stocks again made further progress upward to-day, and in some cases the advances were considerable. Transactions in stocks New York, Jan. 13.—Stocks again made further progress upward to-day, and in some cases the advances were considerable. Transactions in stocks were over a million, making the third million share day this week, while on the other two days trading was but little short of the million share mark. Transactions so far this week have exceeded those of any similar period in the exchange's history. London in the early trading was a purchaser, but subsequently the preponderance of the arbitrage dealings was sales. There was an hour's delay in transmission of cables, and this largely restricted the foreign transactions. Commission houses and traders were both purchasers in the general list. Interest frequently fluctuated from one stock to another, and when any stock started upward a following continued the rise. The reduction in the floating supply in the prime dividend paying stocks and their attendant higher level led to renewed interest in the lower priced stocks. There was a large demand for the standard stocks, the grangers and New York Central leading. Burlington, Rock Island and St. Paul made the best prices in years. Burlington made an extreme gain of 2% on expectation that the December statement would be very favorable. This statement, however, is not due for two weeks yet.

The greatest rise of the day was made by New York Air Brake, ten points, while Rennssalaer and Saratoga was a good second, with six points advance. The confident assertion that Brooklyn Transit had acquired control of the Nassau Electric Rallway, resuited in an extreme gain of 5% for Brooklyn Transit, meat of which it retained. Manhattan, on further reports regarding electric équipment, advanced over 2 points. Sugar rose 3 points on the report that a new trust was to be formed, taking in while demand a number of the independent refiners, but a denial of the rumor as rar as it concerned some of the interests mentioned essuited in a partial reaction. In the afternoon the speculative leaders became dull for a while, but a resumption of coordinate
